Navy Department Issues Charts Showing Anchorage to be Assigned Interest. to Vessels of All Description-Ter tative Plan for Placing Men-o'-War From Foreign Countries.

Official charts showing the anchor age to be allotted warships, yachts passenger vessels and pleasure craft in Hampton Roads during the James town Exposition are being prepared by the navy department and will be ready for distribution not later than

April 1.

According to the present plans of the navy department, the foreign warships will anchor on the three-mile course between Old Point Comfort and the Hampton flats, just up the Ronds from the Ivy avenue pler, and directly between the Newport News and Norfolk channels. Ample area is provided in the anchorage for the ships of the foreign governments.

British Ships Lead,
The relative positions of these squadrons have been only tentatively narranged, but as now agreed the British squadron, composed of the armored cruisers Hampshire, Good Hope, Argyle and Roxburgh, and possibly the battleship Dreadnought, will lead the column at the entrance of Hampton Ronds, being anchored just this side of Old Point Comfort. Next to these will come the Japanese squadron, composed of the armored cruisers. to Roals, being anchored just this slile of Old Point Comfort. Next to these will come the Japanese squadron, composed of the armored cruisers Tsukuba. Chitose and Kuki, all of which are now enroute to the renderators.

The Chillan cruiser Zenteno and The Chinan cruiser Zonteno and three Brazilian vessels, the names of which have not yet been announced, will follow, and one armored and one protected Italian cruiser and a cruiser from Portugal and Sweden, respectively, will be a not in line.

r from Portugal and Sweden, respectively, will be next in line.

The rear of the column will be occupied by the French squadron, commanded by Contre Admiral Theiry and composed of the armored cruisers Kleber and Victor Hugo and one protected cruiser to take the place of the wrecked cruiser Jean Bart.

Several other European and South American countries have sent out announcements that they will spind ships to the exposition, but these vessels are hardly expected to arrive in time for the opening and no definite arrangements have yet been made for their positions in the line of anchorage of the foreign ships.

#### **CUTICURA REMEDIES** WORTH WEIGHT IN GOLD

"I cannot help expressing to you my most sincero thanks for the benefit which I have derived from the use of Cuticura Remedies. They represent a perfect miracle and each set is worth its weight in gold to suffering humanity. Ever since the time I grew into manhood I have been suffering from a dry cruption which at times appeared very extensively, and at other times, but to a limited degree, on my body. I consulted a number of medical men without result, and last January I was affected with a terrible cruption on my hands, scalp, and face, which was so bad that I could not even leave the house, so I finelly resorted to Cuticura.

"In the morning after breakfast I took a tablespoonful of Cuticura Resolvent, the same after dinner and supper. Three times a day I washed myself with Cuticura Soap, and three times a week I took a hot bath with Cuticura Soap and applied Cuticura Colintment to the parts that were painful. So far my Cuticura Remedies represent an outlay of only a few dollars and I am completely restored to health, while formerly I had spent dollars upon dollars on doctors, remedies, and olntments without getting cured. Needless to say, I am quite ready to spend my last cent for Cuticura Remedies. Henry E. Kamping, 633 Eagle Ave., New York, N. Y., Feb. 19 and Mar. 15, 1906."

TONAPAH, NEW, March 11.—
Goldfield miners hitte decided to sever their connection with the industrial workers of the world and form a union of their own. At Goldfield great exvitement has been caused by internal labor troubles. Nearly half of the population is patrolling the streets.

John Silva was killed last night and Joe Smith of the Industrial Workers is under arrest. Yesterday the first shift of miners of the Consolidated companies at Goldfield was called out on strike by the Industrial Workers' of the World because the carpenters would not join them, the shift declaring that they would no longer be dictated by agilators.

(By Associated Press.)

WASHINGTON, D. C., March 11.—

J. Plerpont Morgan, the New York financier, came to Washington in his private car tonight and went immediately to the White House, where he was in conference with the President.

The object.

was to urge the President to take some action to allay the situation now threatening railroad investment. Mr. Morgan pointed out to the President that the financial interests of the country are greatly alarmed at the attitude toward corporations, particularly railroads.

this week.

Mr. Morgan Statement.

After boarding his train shortly after midnight to return to New York.

Mr. Morgan dictated to the Associated Press the following statement:

"At the request of many busines men, beford leaving for Europe, I came to Washington to see the President to discuss the present business situation particularly as affecting the railroads. I suggested to the President to discuss the present business situation particularly as affecting the railroads. I suggested to the President that it would be greatly in the public interest if he could see Messrs. McCrea, Newman, Mellen and Hewitt and confer with them as to what steps might be taken to allay the public anxiety as to the relations between the railroads and the government. The President said he would be glad to see the gentlemen named with this end in view."

# **Marks of Distinction**

What the Victoria Cross is to the British soldiers, the "Triangle A" is to cigars -the mark of highest merit.

Only soldiers of proven merit wear the cross.

Only the best cigars on earth bear the "A" (Triangle A).

You record an emphatic protest against low-quality high-profit cigars every time you demand the "Triangle A" brands.

> When you buy cigars get your money's worth and be sure of it!

Choose your cigars from boxes bearing the "Triangle A" mark of merit-then you know you're getting greater value than your money can buy any other way.

The "Triangle A" identifies the product of the American Cigar Company—the only complete organization with the only "stemmeries" equipment for scientifically developing the ripest fragrance of the best tobacco, for making a smooth, uniform blend, and for delivering the cigars to you in their best smoking condition.

The "Triangle A" on a cigar box guarantees full value, cleanliness, and unvarying quality.

## The New CREMO

represents the best quality that can be produced and sold for five cents—it *proves* every claim we make for cigars sold under the "Trianglo A."

Every box is extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red, to maintain perfect smoking condition and cleanliness until the box is opened.
